Prof. Dhanraj T. Dhangar,
President, International Research Fellows Association
Asst. Prof. Marathi,
M. S. G. College, Malegaon Camp,
Nashik [M.S.] India.

Dear Readers,
Hellow & Namaste!

Swatidhan International Publication is launching 'Research Journey' - an online multidisciplinary international research Journal after getting successful & great response to International Research Fellows Association's (IRFA's) 'Uniresearch Journal'. This is one of the great achievements in the field of research. Really this is a challenging and adventurous activity. It is being circulated all over the globe. And as per prophesy done by the professor Dr. Pagare from the guest editor's desk of the first issue of the Uniresearch Journal, we are successfully established quite soon in research sector. As per the demand of the researchers and demand of the time we decided to start 'Research Journey' - an online multidisciplinary international research Journal.

'Research Journey' will also to leads to perform research activity of multidisciplinary areas. But Swatidhan International Publication the separate firm decided to publish separately this journal. **This journal is giving prime importance to Hindi as national & International language and it will try to enrich the global value of national language.** After all English is a link language of the world hence we accept English research papers also as well as mother tongue Marathi & Sweetest language Urdu. Our goal is to exchange research knowledge in each and every faculty with multilingual manner. Assiduous, researchers, students can take to avail the multidisciplinary knowledge through this journal. IRFA's motto 'Yours Global Identity' is significant and IRFA has bounded for that. Swatidhan publications slogan is separate as 'You Are Always Global-We Are Just Medium', it is also very significant.

Research is the way of finding truths. We can find the truths; verify them, to understand laws of cause and effect by this way of research. There have many thinkers and authors giving their definitions of research, Fred N. Kerlinger said that "Scientific research is systematic, controlled, empirical and critical investigation and hypothetical, propositions about the presumed relations among natural phenomena." (F. N. Kerlinger : Op cit, P.13) Means research is a systematic & controlled activity which leads to natural truths. J. W. Best said that "Research is more systematic activity directed towards discovery and the development of an organized body of knowledge." (J. W. Best : Research in Education, Prentic Hall of India, 1963). As per the Webster's International Dictionary "Research is careful critical inquiry or examination is seeking facts or principles, diligent investigation in

order to a certain something.” In short, we can say research is to find the answer of questions by the systematic, diligent investigation. Research is mostly perfect solution of the problems. Researchers must be noted the statement of Karl Pearson, “there is no short cut to truth, no gain to the knowledge of the universe except through the gate way of scientific method.” (Karl Pearson : The Grammar of Science. A. & C. Blak, London, 1911, P.10).

Swatidhan Publication has invited & honored me as the guest editor of the inaugural issue. Actually, I will roll as co-editor of this journal from the next issue. All the members of editorial team have taken lots of efforts for this activity. All the members are very enterprising, studious and hardworking youth. I really extend my best wishes to our editorial team Mr. Wankhede G. S., Dr. Sharad Birhade, Prof. Dipak Baviskar, Prof. Vijay Shirsath, Prof. P. K. Shewale, Prof. Munaf Shaikh, Prof. T. T. Sonawane for their excellent & splendid work. I also extend my best wishes and thanks from the bottom of the heart to our review committee i.e. Dr. Sanjay Dhondare - Abhay Womens College, Dhule, Dr. Rekha Gajare - Head, Dept. of Hindi, P.O.Nahata College, Bhusawal, Dr. Ramesh Sambhaji Kure - Head, N. W. College, Akhala Balapura Dist-Hingoli, Dr. U. V. Nile, Dept. of Geography, Arts, Commerce, Science College, Shahada for their significant work as expert researchers. After all I also extend my best wishes and heartiest thanks to the members of advisory board Dr. Ujjwala S. Deore - Principal, Smt. Pushpatai Hiray Mahila Mahavidyalaya, Malegaon Camp, Dr. D. A. Suryawanshi - Principal, R. C. Patel College of Education, Shirpur, Dhule, Dr. Sandip D. Mundhe - Head, Lib. & Inf.Science, Sambhajirao Kendre College, Jalkot, Latur, Dr.Y. H. Saner - Principal, Abhay College of Education, Dhule, Dr. D. D. Patil - Principal, Arts, Science and Commerce College, Chopda, jalgaon.

Researchers, Academicians, & hardworking personalities are taking efforts for spreading the performance of researchers in all over the globe. I like to extend my best wishes to all the authors, researchers. I hope, the '*Research Journey*' will be established very soon in research sector and will reflect the knowledge all over the globe.

Thanks & Happy Readings!
